

Attendance and Lateness Policy,

In Scoil Mhuire, any student who is absent is asked to have a note the morning of their return to explain their absence. Parents are asked that where possible they would phone the school and make Scoil Mhuire aware of the absence.

The school also has a late book and a sign out book. Any student who is late in the morning signs this book. Detention is given to the student who is late and has no note.

Any student, who has to leave early for a dentist / doctor appointment etc, should have a note. Students are asked to show the note to the Principal or Deputy Principal and to sign the book before they leave the school. Any student, who feels unwell during the course of the school day, is asked to let the Principal or Deputy Principal know. A phone call will be made home. The student must sign the sign out book when leaving.
